iv. Road Safety = 4

Govt. Degree College, Drang at Narla

Introduction to Road Safety Club for the Session of 2024-25

The Road Safety Club is a student-led initiative established in our college with the purpose of spreading awareness about safe road practices. Its primary aim is to reduce accidents through education and responsible behavior. Road safety holds special importance because students are among the most active road users. By becoming part of the club, students get the opportunity to learn traffic rules, practice safe habits, and encourage others to do the same.

The club also provides a platform for teamwork, leadership, and social responsibility. Throughout the session, members will engage in activities such as awareness campaigns, workshops, and rallies. Creative programs like poster-making, debates, and quiz competitions will add further enthusiasm. Special sessions will be organized with traffic police and safety experts to provide real-life guidance.

The club promotes essential practices like wearing helmets, using seatbelts, and following safe driving rules. Active participation builds confidence, discipline, and accountability among students. Every enrolled member becomes an ambassador of road safety, carrying the message beyond the college campus. The ultimate goal of the club is to develop a safer environment for both students and the community. Together, we can truly make "Safety First" a way of life.
