

Lecture by NCC Alumni Aditya (14 February, 2025)

A special lecture was organized for the NCC cadets, featuring Ex-NCC Cadet Aditya, who is currently serving in the Indian Army as an **Agniveer**. Drawing from his own journey, he shared valuable insights about life in the armed forces and inspired the cadets with his personal experiences. Aditya emphasized the role of NCC in shaping discipline, confidence, and leadership—qualities that proved instrumental in his selection. He guided the cadets on various entry schemes into the Indian Army, including physical and written exam preparations, interview techniques, and the importance of mental resilience. The session concluded with an interactive Q&A round, where cadets eagerly sought advice and motivation.
